For best results use heavyweight paper and use tape to secure tabs

1. Cut out all 9 parts from both sheets including hole in base of body and hole in face for nose
2. Fold ears (L and R) and push through slots in main body
3. Build nose by folding over tabs O and pushing through body and securing in place with tabs N
4. Fold arms at knuckles and pass arms through slots in body
5. Fold body and fit tab A into slot A
6. Fold top of head down and fit tabs B, C and D into slots B, C and D
7. Complete body by folding base up and fitting tabs E, F and G into slots E, F and G
8. Fold hat brim and secure with tabs H
9. Fold legs fitting tabs I into slots I
9. Push legs through hole in body base
